Knowpia × tZERO®

REAL ASSETS. REAL MARKETS.

Knowpia has worked closely with tZERO for several years. Since February 2024, the two companies have developed a strong working relationship focused on content creation, social economies, digital assets, and asset tokenization. Knowpia also maintains a formal referral program with tZERO Technologies, LLC. Through this relationship, Knowpia can assist clients seeking RWA and digital securities solutions, including services related to the issuance, onboarding, administration, and offering of security tokens and other RWA assets on tZERO's platform.
